August 26, 2022

Dear CGSD Family,

As we welcome back our children to what is going to be the most amazing school year, we are providing you with updated guidance pertaining to COVID-19 guidelines. These guidelines reflect the recommendations that were released on August 11, 2022. Know that these guidelines are being employed in all of our Greene County School Districts.

In adherence to these recommendations and guidelines, quarantine, contact tracing and social distancing are no longer recommended in schools. Though these three recommendations and guidelines are no longer being employed, the Central Greene School District will continue to focus on the prevention strategies that we have been instituting in order to keep our students engaged in onsite learning.

- Masking is still an effective measure to reduce the spread of the virus, and therefore recommended for those that may have been exposed to or are experiencing symptoms of COVID-19.
- Positive, known, cases will be required to isolate for 5 full days. Isolation may end after day five, providing that you are fever free for at least 24 hours. Masking is encouraged and is recommended for an additional 5 days while around others.
- Students who are exposed to household members, who have tested positive for COVID-19, no longer need to quarantine unless they are experiencing symptoms.
- Regarding the CGSD attendance policy, students who miss three or more consecutive school days are required to submit a note from a healthcare provider. Evidence of a positive test result from a healthcare provider may serve as the necessary documentation.
- Please click on the following link to access information pertaining to [CDC Guidance for Schools..](#)

The Central Greene School District will continue to stay abreast of current COVID-19 guidelines and recommendations, and will keep all of our CGSD family informed of any changes as we are updated.

Let's make this the safest, healthiest and best school year, Central Greene!

Sincerely,

Kevin M. Monaghan  
Superintendent
