

ARP ESSER Health and Safety Plan Guidance & Template

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services;
3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:

- a. Universal and correct wearing of [masks](#);
- b. Modifying facilities to allow for [physical distancing](#) (e.g., use of cohorts/podding) ;
- c. [Handwashing and respiratory etiquette](#);
- d. [Cleaning](#) and maintaining healthy facilities, including improving [ventilation](#);
- e. [Contact tracing](#) in combination with [isolation](#) and [quarantine](#), in collaboration with State and local health departments;
- f. [Diagnostic](#) and screening testing;
- g. Efforts to provide COVID-19 [vaccinations to school communities](#);
- h. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
- i. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

Additional Resources

LEAs are advised to review the following resources when developing their Health and Safety Plans:

- [CDC K-12 School Operational Strategy](#)
- [PDE Resources for School Communities During COVID-19](#)
- [PDE Roadmap for Education Leaders](#)
- [PDE Accelerated Learning Through an Integrated System of Support](#)
- [PA Department of Health - COVID-19 in Pennsylvania](#)

Health and Safety Plan Summary: **Central Greene School District**

Initial Effective Date: July 28, 2020

Date of Last Review: June 15, 2021

Date of Last Revision: July 20, 2021

How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

The Central Greene School District will monitor the latest recommendations from PDE, PA DOH, and CDC and update their Health and Safety Plan as needed. The plans will be presented to the governing Board for approval when changes are necessary. Facilities and practices will be adapted to the extent possible to ensure that appropriate prevention and mitigation processes are followed.

How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

Educational models will be adapted to the needs of the students as appropriate including virtual if needed. Social, emotional, mental health and other needs will be monitored and provided by school health providers, social workers and other mental behavior specialists when needed. Food service will be provided using various models as appropriate to the situation, including the availability of free meals if needed for students throughout the entire year.

Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<ul style="list-style-type: none"> • Universal and correct wearing of masks; 	<p>ARP ESSER requires school districts and charter schools to develop mitigation plans in line with the most recent CDC guidance with plans being updated every six months as needed.</p> <p>For those who are required to wear a mask, if mandated, correct and consistent mask use is a critical step everyone can take to reduce their risk of</p>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>getting and spreading COVID-19. Staff and students will be trained on and reminded of proper mask use as necessary.</p> <p>On June 28, 2021, the Pennsylvania Department of Health lifted the commonwealth's mask order requiring universal face coverings statewide. The wearing of masks or face coverings will be optional for all students and staff unless mandated by the PA Secretary of Health, Governor, or other governing authority. Masks will still be available for any student or staff member that chooses to wear a mask while at school.</p> <p>Masks are required on transportation (buses and vans) for students, aides and drivers as per federal mandate.</p> <p>All implementation strategies will adhere to each student's IEP or 504 plan.</p>
<ul style="list-style-type: none"> • Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding) ; 	<p>Determine the maximum capacity for each room. Distancing to the best extent practicable.</p> <p>Turn desks in the same direction.</p> <p>Students sit on one side of tables/desk facing the same direction.</p> <p>Balance class numbers as much as possible to maximize social distancing to the extent practicable.</p> <p>Promote safe practices in physical interaction through partner or group work.</p> <p>Establish distance between the teacher's desk/board and students' desks to the best extent practicable.</p> <p>Identify and utilize large spaces (i.e. gymnasiums and outside spaces – as weather permits) for social distancing.</p>
<ul style="list-style-type: none"> • Handwashing and respiratory etiquette; 	<p>Teach and reinforce good hygiene measures such as handwashing, covering</p>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>coughs, and face coverings when required.</p> <p>Provide hand soap, hand sanitizer with at least 70% alcohol, cleaning wipes/disinfectant spray, tissues, and paper towels in all classrooms and frequently trafficked areas.</p> <p>Post signage in classrooms, hallways, and entrances to communicate how to stop the spread of the virus. Signs may include COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, proper respiratory etiquette and school/district specific protocols.</p> <p>Cover mouth and nose with a tissue when coughing or sneezing. Use the nearest waste receptacle to dispose of tissues after use.</p> <p>Perform hand hygiene after having contact with respiratory secretions and contaminated objects or materials.</p>
<ul style="list-style-type: none"> • Cleaning and maintaining healthy facilities, including improving ventilation; 	<p>Daily cleaning of schools with soap and water to decrease how much of the virus is on surfaces and objects, which reduces the risk of exposure. Apply to frequently touched surfaces and objects including door handles, sink handles and drinking fountains.</p> <p>Daily disinfecting of schools and transportation vehicles using EPA-approved disinfectants against COVID-19 to reduce the risk.</p> <p>Use of routine cleaning practices for indoor areas that have not been used for 7 or more days or outdoor equipment.</p> <p>Follow standard protocols to clean surfaces that are not high touch.</p> <p>Ensure ventilation systems operate properly and increase circulation of</p>

ARP ESSER Requirement	Strategies, Policies, and Procedures
<ul style="list-style-type: none"> • Contact tracing in combination with isolation and quarantine, in collaboration with the State and local health departments; 	<p>outdoor air as much as possible by opening windows and doors. Windows and doors will not be opened if doing so presents a safety or health risk (e.g., risk of falling, triggering of asthma symptoms) to children utilizing the facility.</p> <p>Work with school administrators and school nurses to identify an isolation room or area to separate anyone who exhibits COVID-like symptoms.</p> <p>School nurses and other healthcare providers should use standard and Transmission-Based Precautions when caring for sick people.</p> <p>Establish procedures for safely transporting anyone who is sick home or to a healthcare facility.</p> <p>Contact the local health authority before acting in response to a known or suspected communicable disease.</p> <p>Contact the local health authority for further guidance if a parent/guardian/caregiver notifies the school of potential exposure by a student, staff member, or school visitor.</p> <p>Fill out and submit the Self Report and Line List forms provided by PDE and PA DOH Joint Task Force for contact tracing.</p> <p>Send out notifications to building staff and students with the appropriate information as needed.</p> <p>Work closely with the community health center nurses to follow-up and complete contract tracing.</p> <p>Ensure that staff and students meet all requirements before returning to school safely.</p>
<ul style="list-style-type: none"> • Diagnostic and screening testing; 	<p>Symptom screening will be done by all parents/guardians at home each day before the school day. No child with</p>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>symptoms will be sent on a bus or brought to school.</p> <p>All district staff will perform a symptom screening on themselves prior to leaving for work. Staff will stay home if ill.</p>
<ul style="list-style-type: none"> • Efforts to provide vaccinations to school communities; 	<p>Work with community health centers and hospitals to provide brochures and other information as to when and where staff and students can receive vaccinations at their sites.</p>
<ul style="list-style-type: none"> • Appropriate accommodations for students with disabilities with respect to health and safety policies; and 	<p>Ensure that any policy regarding face coverings or any other parts of the health and safety plans should be sensitive to the needs of students and staff with medical issues. Appropriate accommodations in compliance with federal and state laws should be made for students with disabilities with respect to health and safety policies and procedures.</p>
<ul style="list-style-type: none"> • Coordination with state and local health officials. 	<p>CGSD will work together with the Joint Task Force, PA DOH, community health agencies and County Emergency Management Agencies to coordinate resources in accordance with their health and safety plan.</p>

Strategies, policies and procedures may be amended as guidance from the Governor, the Pennsylvania Department of Health, the Pennsylvania Department of Education and the CDC is provided throughout the 2021-2022 school year. All stakeholders will be informed of the changes.

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for **Central Greene School District** reviewed and approved the updated Health and Safety Plan on **July 20, 2021**.

The plan was approved by a vote of:

9 Yes
0 No

Affirmed on: **July 20, 2021**
