February 3, 2021

Dear Central Greene School District Family,

The Central Greene School District will return to face to face instruction in the hybrid instructional model beginning on Monday, February 8, 2021. As a reminder, students whose last names range from A to K will participate in face to face instruction on Mondays and Tuesdays. Students whose last names range from L to Z will participate in face to face instruction on Thursdays and Fridays. Wednesdays will remain virtual for all students.

Parents and guardians will have the option for their child to continue remote instruction. If the remote instructional model is chosen, the student will be required to remain in that model until the end of the third nine weeks. If you want your child to remain in the remote learning model and you did not fill out the survey, please contact your child's principal regarding your request.

As we bring our students back to face to face instruction, it is of the utmost importance to work together to keep our schools safe and free of transmission. Parents are asked to keep their child at home if they are ill or are exhibiting symptoms that are related to the COVID-19 virus. Please remember to notify the school nurse if someone in your household has COVID-19. By doing so, this will assist us in making the school environment as safe as possible for all.

At school, we will be adhering to CDC, DOH and PDE guidelines to ensure student and staff safety. These recommendations include social distancing of students and staff to the maximum extent as possible, and requiring face coverings that cover the nose and mouth with material that is secured to the head with ties, straps or loops over the ears or is wrapped around the lower face. The CDC states face shields may be used in situations where wearing a cloth face covering is not otherwise feasible. **A mask that fits secure over the nose, mouth and chin is the preferred type of face covering.**

Again, if you or any members of your household develop symptoms of COVID-19 or have symptoms that worsen, notify the Pennsylvania Department of Health immediately at 1-877-724-3258 or visit the Pennsylvania Department of Health website at [www.health.pa.gov](http://www.health.pa.gov) for more information.

Thank you for your help in keeping our students, staff and community safe. We are looking forward to the return of our students.

Sincerely,

Kevin M. Monaghan, Ed.D.
