January 4, 2022

Dear CGSD Family,

I hope that all of you are doing well. I wanted to take the time to make you aware of a few important items that could possibly impact you.

As we near the end of the first semester, please make sure that you have an understanding of where your child stands academically. If you have any questions or concerns regarding your child's progress, please reach out to the guidance department.

Regarding remote instruction days, please know that we will call remote instructional days instead of cancelling school for that day. These days will be enacted for inclement weather, any on site school emergencies such as power outages or water main breaks or COVID related issues. Please know that we will do our best to let you know as soon as possible if a remote day is issued. If possible, these days may be called during the evening prior to allow families time to make necessary plans.

Students will continue to be reminded to bring their Chromebooks home with them nightly just in case a remote instruction day is called. Because remote days are regular school days, students are expected to log in and participate in the online instruction. If there are connectivity issues that are hindering participation in online instruction, please call your child's school to let them know.

Pertaining to COVID policies, procedures and guidelines, please go to our website and click on the COVID Resources Tab to view the most updated information. The information and guidelines are always evolving, and we will do our best to keep you updated as we receive the updates. Please click on this link from the Department of Health. [Updated DOH Guidelines](#)

As a reminder, it may be necessary to shut down individual school buildings if there is an outbreak of COVID cases that exceed our current guidelines or there is a staffing shortage created by an inordinate amount of quarantines or isolations.

The staff and I would like to wish all of you a happy, healthy, safe and prosperous New Year!

Kevin M. Monaghan
Superintendent
